

Integrated University Community Events

University of Poonch Rawalakot hosted many public events in the year 2022 that were open to the general public such as seminar workshops and training programs and medical camps. These events facilitate interaction among participants, fostering a sense of community and the exchange of ideas and experiences. Public events create awareness about a variety of subjects, from academic disciplines to practical skills, thereby broadening horizons and promoting as well as facilitate interaction among participants, fostering a sense of community and the exchange of ideas and experiences. As knowledge and skills improve, the community can benefit economically and socially, leading to a higher quality of life for its members.

Veterinary Health Camps for Local Community

University of Poonch Rawalakot has taken a commendable initiative by organizing veterinary health camps in region for local community. These camps serve as a vital resource for the local community, Particularly for the well being of their livestock and animals. By providing free or affordable veterinary care, vaccinations and health check the University of Poonch Rawalakot plays a crucial role in promoting the health and welfare of animals in the area. These health camps not only improve the overall quality of life for the community but also contribute to the sustainability of the agriculture sector, which heavily relies on healthy livestock. Through these efforts University of Poonch Rawalakot demonstrate its commitment to the betterment of both the environment and the livelihoods of the people in the region. The free veterinary medical camp for lacial community was held on ?????.

Dr. Waqas, Dr Shaista, and Dr Ubaid Ullah Organized One day Free veterinary medical camp at Drake Rawalakot

2. World Soil Day Celebration for Public Awareness

On 5 December 2022 University of Poonch Rawalakot (UPR) organized world soil day celebration as public awareness event. This event, open to the public, features engaging activities such as workshops, interactive demonstrations, and expert-led discussions on soil conservation and sustainable agricultural practices. By organizing this celebration, UPR strives to educate and empower the community on the importance of responsible soil management and its profound impact on global food security and environmental sustainability. The event serves as a platform for collaboration between academia and the public, promoting a shared commitment to safeguarding one of our planet's most precious resources. The objective of this event was to create awareness and highlight the soil importance among general public/local community.

World soil day celebration workshop for public awareness leading to expert-led discussions.

The public awareness event on World Soil Day concludes with a walk to underscore the importance of soil conservation.
