

Fostering Women's Empowerment at UPR

On October 17, 2022, the Department of Computer Science and Information Technology at the University of Poonch Rawalakot, AJK, hosted an empowering workshop dedicated to the advancement of women. This event is part of a series of regular seminars and workshops held at the university, specifically designed to provide female students with the tools, knowledge, and understanding of their crucial role within the university community and in broader social contexts.

The workshop focused on fostering a sense of empowerment among female students, emphasizing their significance not only within the academic environment but also within their wider spheres of influence. Through engaging discussions, interactive sessions, and expert guidance, participants were equipped with the skills and confidence needed to navigate their academic journey and contribute meaningfully to society.

By consistently organizing events of this nature, the University of Poonch Rawalakot reaffirms its commitment to nurturing a supportive and inclusive learning environment that recognizes and celebrates the vital contributions of its female students. These initiatives serve as a testament to the university's dedication to empowering women and preparing them for leadership roles in both their academic pursuits and societal interactions.
