

UNIVERSITY'S INITIATIVE TO ACCESS AND TRACK UNDERREPRESENTED GROUP'S APPLICATIONS

UPR has taken steps to actively seek applications from underrepresented groups, with a focus on monitoring and assessing applications and admissions from ethnic minorities, low-income students, women, disabled students, and newly arrived refugee students. To facilitate the application process for these groups, the UPR admission application form has been carefully crafted to ensure easy accessibility. The relevant sections in the UPR admission application form, catering to underrepresented groups, are circled below.
