WELCOME MESSAGE

We are pleased to announce a two days national conference on *"Thalassemia: Causes, Cure, Prognosis and Role of Community in Prevention"* scheduled on 8th and 9th May 2024 at University of Poonch Rawalakot. We are please to welcome all researchers, professors, students and experts from all over the country to participate in the conference .

The goal of this conference is to cover a broad range of topics concerning optimal multi disciplinary care, research advances for innovative therapies and cure and emerging concerns for thalassemia, sickle cell disease, and other rare anaemia, seeking to improve patient health outcomes and quality of life. Keynote sessions, plenary lectures, oral and poster presentations, research findings, novel ideas, high-quality scientific content, and professional networking opportunities will be featured at the preeminent congress.

The conference will offer a wide range of interesting topics with keynote lectures, speaker sessions, workshops, poster sessions and young researchers forum.

You will get a chance to meet immensely knowledgeable people, present your own research, and communicate with your colleagues at the Conference.
